

# Welcome

## The New Modular Pallet Conveyor Platform – MPP

**Interroll now offers a fully integrated, robust, space- and energy-saving solution for the high-throughput handling of pallets. We call it MPP.**

- Roller or chain pallet conveyor modules
- Specialty conveyors such as lifts, check stations and more
- Fully modular platform allows for easy design and configuration
- Stacker crane and Transfer Car for smooth integration with Interroll Pallet Flow\*

\*Available at a later stage
