

Diversey Deutschland GmbH & Co OHG

Has performed on behalf of

**INTERROLL Trommelmotoren GmbH
Opelstraße 3, 41836 Hückelhoven Germany**

Compatibility tests for elastomers in possible food contact areas for
the Interroll Drum Motor Family

DM0080 – DM0113 – DM0138 – DM0165 – DM0217

as well as for the Interroll

Techno polymer Sprockets

With following Diversey cleaning and disinfection products

**Acifoam VF10,
Easyfoam VF32,
Divosan QC VT50 and
HD Plusfoam VF1**

We hereby declare that the selected and applied elastomer for gaskets are compatible with the mentioned Diversey products under the recommended conditions.

Gaskets are wearing parts and should be exchanged according a recommended preventive maintenance interval. Only original gaskets should be used and have a Food Contact Materials (FCM) declaration according art. 16 of EU1935/2004.

Stainless steel 1.4301/1.4304/1.4305 shaft, shell and housing have acceptable corrosion resistance to the detergents and ambient temperatures commonly used within the concentrations recommended by the detergent supplier.

This declaration is valid as long as the composition of the materials has not changed, its destination has not changed and no regulatory change has taken place.
